

# ACT PREP PROGRAM

## Options for every student!

### How will this ACT Prep Program help my ACT Score improve?

The Leyden High Schools ACT Prep Program will improve your score by:

- Providing you **FIVE** practice ACT Exams that are **REAL** exams used in previous years. By taking all five exams, you will become comfortable with the style, length and timing of the ACT exam. This practice will improve your comfort, endurance and focus while reducing your testing anxiety.
- Providing a 100+ page resource binder written by Leyden faculty that pinpoints specific review topics needed by Leyden students.
- Providing **TWO** preparation textbooks that include additional practice exams, review and strategies.
- Providing **NINE** weeks of lecture on content review and exam strategy taught by Leyden Faculty.
- Providing individual exam result reports and analysis with faculty for each practice exam.

### What will my individual exam result report include?

- An answer key comparison to check your choices against the correct answers.
- Subject-specific question categorizations that will show you what percentage of each type of question you got wrong. For example, these reports will tell you if you are getting your comma questions or your subject-verb agreement questions wrong.
- Raw scores, scale scores and national percentile rank. These numbers will help you identify if you are reaching your goals and how you compare with other students in the country.

On average, students that participated in **EVERY** practice exam and attended **EVERY** night of lecture had an average of a **FOUR** point gain on their composite score!

- Program is available at the East or West Campus.
- Two time slots! In the afternoon or evening.
- Student have three (3) opportunities to switch between locations or time slots to accommodate busy schedules!
- Leyden offers this program for the cost of materials at your school.

Program	Number of Exams	Cost
Kaplan	4	\$799
Princeton Review	4	\$699
